

# FREE E-WASTE AND SHREDDING EVENT – ROUND 2

## A Great Way to Start the New Year

Saturday, January 9, 2016 8:00am to 12:00pm

### E-Waste

Old TV sets, computers, printers and other electronic devices (known as E-waste) can be harmful to the environment if tossed into our landfill. Bring your E-waste to this event and you'll be providing job training and green jobs to people with disabilities while helping to save the planet. Turn your E-waste into a brand new opportunity.

### Document Shredding

Goodwill will collect documents for shredding and deposit them into an onsite lockbox for transport to their secure shredding facility at the end of the event. The amount of paper you can bring to the event is unlimited.

*Located at:  
City Hall Parking Lot  
32400 Paseo Adelanto*

## HOLD ON TO THOSE RAINY DAY SAVINGS

When it comes to watering the yard, you may be able to save yourself some "green" without your lawn turning brown.

### How Much Should I be Watering During the Cool Season?

Not Much! As a matter of fact, shut off the system and only turn it on if the garden has gone without rain for more than two weeks. Remember no watering during rain or 48 hours after rainfall.

## HARVEST RAINWATER WITH RAIN BARRELS.

### Top 5 Reasons to Harvest Rainwater

- Protect our ocean, rivers, streams, and ponds from runoff pollution
- Divert water from the municipal storm drain system
- Conserve this vital natural resource and reduce your water bill
- Use the nitrogen-rich rain water to grow healthy & lush plants
- Control moisture levels around the foundation of your home

**\$75 Rebates per rain barrel are available from [www.ocwatersmart.com](http://www.ocwatersmart.com)**
