Del Obispo Street Project Update: A major capital improvement project on Del Obispo Street is now complete. The project removes a “pinch point” at Paseo Terraza, and provides two travel lanes and a bike lane in both directions, as well as new sidewalk and street lights on the westerly side of the street. All landscaping and irrigation, final striping, traffic detector loops and street lighting were completed last week. The project was completed ahead of schedule by the City’s contractor, Excel Paving Company. The project was funded by a combination of Capistrano Circulation Fee Program (CCFP) and OCTA Measure M grant funding.
