Annual AlertOC Test: Today at approximately 9:00 a.m., AlertOC conducted its annual emergency notification system test. AlertOC is the mass notification system utilized by the City to notify the community of emergencies that may require immediate lifesaving actions. Registered residents should have received a test emergency notification via text message, e-mail and voice message. These annual tests are an important tool to ensure the system works during an active emergency. If you’re not registered, please visit the AlertOC website or text ALERTOC to 888777 to sign up today.

Earthquake Preparedness Tips: In recognition of the “Great California ShakeOut” earthquake preparedness drills taking place across the state today, please take a moment to review your family’s earthquake preparedness plan. Please see the attached flyers and instructional video for what to do when an earthquake starts. For additional information regarding the City’s emergency preparedness program, please contact Lynn Mata, Emergency Services Manager, at (949) 443-6304 or lmata@sanjuancapistrano.org.
