CITY OF SAN JUAN CAPISTRANO

MANAGEMENT ANALYST

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform a wide variety of responsible and complex administrative and analytical functions; to provide management service and support to the various City departments and to the public; to administer assigned City programs, special projects, and/or purchasing activities; to provide information and assistance to the public regarding assigned programs and services; and to support the department head regarding the accomplishment of departmental goals.

DISTINGUISHING CHARACTERISTICS

This is the entry level class in the Management Analyst series. This class is distinguished from the Senior Management Analyst by the performance of the more routine tasks and duties assigned to positions within the series including assuming responsibility for less complex projects. Since this class is typically used as a training class, employees may have only limited or no directly related work experience. Advancement to the senior level is based on demonstrated proficiency in performing the assigned functions, and is at the discretion of higher level supervisory or management staff.

SUPERVISION RECEIVED AND EXERCISED

 Receives general supervision from assigned department head.

ESSENTIAL FUNCTION STATEMENTS. Essential responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

1. Monitors and administers a variety of assigned programs; participates in special projects including complex research of new programs and services, budget analysis and preparation, and feasibility analyses; prepares and presents reports.

2. Participates in the preparation and administration of assigned budgets; coordinates with management personnel in forecasting future requirements for equipment, supplies, and materials; tracks and monitors expenditure; recommends budget transfers and modifications to annual budgets.

3. Provides budget support and/or training to management and classified staff as required.

4. Serves as Purchasing Officer and/or provides direction to City personnel regarding the procurement of supplies, equipment, and professional services; reviews purchase requisitions and issues purchase orders; analyzes contracts and verifies purchasing documentation; coordinates with vendors and prepares invoices for payment.

5. Creates and prepares bid specifications and requests for proposals pertaining to supply acquisitions and/or operations projects; attends pre-bid meetings and provides related recommendations; participates in negotiating with contractors on behalf of the City; assists in administering assigned contracts.
