XIII. WORK DAY AND WORK WEEK

The official work-period designation for most employees of the City of San Juan Capistrano shall be forty (40) hours from Friday at 11:30 a.m. to the following Friday at 11:30 a.m. The official workday shall be Monday through Thursday from 7:30 a.m. to 5:30 p.m. and Fridays from 7:30 a.m. to 4:30 p.m., with alternate schedules to meet Department operations or to meet special employees' needs due to transportation or caregiver issues.

It shall be the duty of each Department Head to arrange the work of the department so that each employee therein shall work not more than five (5) consecutive days in each calendar week except that a Department Head, with approval of the City Manager or designee, may require any employee in the department to temporarily perform service in excess of the designated work day or workweek when public necessity or convenience so requires. Department Heads will not temporarily change an employee's regular work schedule to avoid payment of overtime.

XIV. EMERGENCY STAND-BY/CALL OUT

Employees who are in classifications that require the performance of stand-by duty as an essential function of their position, shall during "off hours" 1) monitor the duty phone and/or pager, 2) remain in the local area (no more than 20 miles from City Hall site), 3) remain fit for duty, and 4) respond to any and all call outs within 15 minutes.

Employees shall be compensated at the rate of California's minimum wage for every hour or portion of an hour while on stand-by duty. Calls for service shall be reported and compensated at the overtime rate of pay pursuant to the Personnel Rules and Regulations. Calls for service requiring the employee to respond to the field shall be paid at a two hour minimum. Multiple calls received within any two hour period already being paid will not result in any additional compensation. Additionally, call outs that result in the two hour minimum period overlapping into the regular work schedule will revert to regular pay at the beginning of the regular work day. For each hour or portion thereof of work

performed and compensated as overtime during "off hours", stand-by pay shall be reduced by the amount of overtime hours incurred.

At the option of the Department Head, employees may either receive their stand-by compensation as compensatory time off or as compensation in the current pay period. Consideration shall be given to effectuating the wishes of employees. Employees with existing compensatory time balances of at least two-hundred twenty (220) hours shall not be eligible to receive stand-by compensation as compensatory time.

Employees not on stand-by status when called out to the field for an emergency shall be compensated at the overtime rate of pay pursuant to the Personnel Rules and Regulations with a three hour minimum. Additionally, employees not on stand-by status who have not physically worked their regular number of workday hours, shall, when called out on a bona-fide emergency, be paid at 1 1/2 times their regular pay for all bona fide emergency hours worked.

Scheduled overtime does not constitute a bona-fide emergency. Bona-fide emergencies are those that occur due to a natural disaster such as fire, flood, earthquake, storm, or landslide. They may occur due to damage to the infrastructure of the city such as inoperative valves, pipeline breaks, leakage in potable or sewage systems or traffic control lights. Traffic accidents may trigger bona-fide emergencies if they require City employees to repair or clean up damage or assist with traffic control. Citizen complaints that require after-hours attention are bona-fide emergencies.

Classified employees who occasionally receive phone calls outside of their regularly scheduled working hours from standby personnel or personnel on an emergency call-out, to get supervisory direction, shall receive a minimum of 30 minutes of regular pay for each phone call.

XV. VACATION

a. Vacation Accrual

Classified employees shall accrue vacation hours based on the following schedule:

Length of Service	Annual Hours Accrued
0-3 years	80
4-7 years	132
8-10 years	148
11-19 years	164
10 years or more	172

Accrual at the next highest increment rate shall commence on the first day of the fourth, eighth, eleventh and twentieth year of employment, respectively. For example, an employee hired on January 1, 2010 would accrue at 80 hours per year, until January 1, 2013, when the accrual rate would change to 132 hours per year.

The maximum amount of vacation time, which may be accrued and used, for time-off shall be 300 hours; vacation accrual shall cease upon reaching 300 hours. The maximum amount of vacation time, which will be compensated for in cash upon separation from City, shall be 300 hours. It shall be the responsibility of the employee to utilize credited vacation leave within the limitations set forth herein.

Bargaining unit employees who have reached the maximum accrual of 300 hours shall have the right to "cash out" up to 40 hours of vacation per fiscal year if they have used at least two weeks of vacation within the previous 12 months, and obtain approval from their Department Head. Requests to "cash out" vacation based on the criteria stated above may be submitted when a bargaining unit employee reaches 280 hours. The hours will be paid out to the employee during the pay period when the employee reaches the 300 hour limit to avoid the loss of any accrual due to the limit being reached.

On January 1, 2015, vacation accruals that exceed 300 hours will be reduced to 280 hours and set aside in a separate bank, which shall be used before other vacation leave hours.

b. Vacation Usage

Total vacation allowance shall be based upon the number of months of City service computed to the nearest half month. It shall be the responsibility of the employee and Department Head to assure utilization of credited vacation leave within the limitations set forth herein.

The time during the calendar year at which an employee may take vacation leave shall be determined by the Department Head, but with due consideration of the employee's request and particular regard for the needs of the City. Eligible employees shall accrue vacation beginning with the date of hire.

c. Vacation Benefits for Terminating Employees

In the event of termination of employment, the employee shall be paid for any accrued and unused vacation leave and compensation time which has accrued within the limits specified above.

d. Holidays Occurring During Vacation

When one or more legal municipal holidays fall within a vacation leave, such day or days shall not be charged as the vacation leave.

XVI. SICK LEAVE

Sick leave shall mean the time during which an employee is permitted to be absent from the duties of City service by reason of sickness or injury which incapacitates or prevents the employee from performing assigned duties, without any deduction being made from salary or compensation, and shall include, in certain cases, serious illness or death of a member of the employee's immediate family.

It will be the responsibility of the Department Head to periodically review the use of sick leave in the department. Abuse of sick leave may be used as a factor in determining employee performance for employee evaluations. The legitimate use of FMLA qualified sick leave shall not be used as a factor in determining employee performance for evaluation.

a. Sick Leave Allowance

Employees shall be entitled to eight (8) hours sick leave for each calendar month of service. There shall be no limit on the amount of sick leave which may be accumulated.

b. When Sick Leave May Be Taken

Sick leave may not be used until it is earned. Sick leave earned during a pay period may be utilized for a qualifying absence occurring during that pay period. Sick leave shall be taken only in case of actual and necessary sickness or disability of the employee.

If an employee has exhausted all accrued sick leave, the employee may utilize accrued vacation time, compensatory time, and/or floating holiday leave to cover an absence that would otherwise be unpaid, provided that the absence is supported by a doctor's note when requested by the City. Nothing herein shall prevent the City from disciplining an employee for abuse of sick leave under the Personnel Rules.

Eligible employees may utilize a maximum of ninety-six (96) hours of accumulated sick leave with pay in the event of 1) the employee's presence is required elsewhere because of family medical and dental appointments, serious illness, injury, disability or death of a member of the employee's immediate family; 2) official order to appear in court as a litigant or as a witness; and 3) personal necessity as defined and limited below.

Personal necessity leave can be used by an employee at a rate of 24 hours per year for absences other than illness or disability and the absences shall be deducted from accumulated sick leave. Sick leave or personal necessity leave is not intended for taking care of personal business which could be taken care of at another time.

Personal necessity is considered to be:

- i. a personal matter that requires your attention which cannot be taken care of except during the normal working hours; or
- ii. a matter that requires your attention, such as a hot water heater flooding your home, fire or robbery.

The nature of the personal necessity need not be disclosed in writing on the Absence Request Form, but it shall be discussed with the employee's Supervisor, Department Head, and the Personnel Officer or designee. This information shall be treated confidentially by all parties involved.

Sick leave shall not be used in lieu of or in addition to vacation for the intent of extending vacation. When an employee is compelled to be absent from employment by reason of injury arising from and in the course of City employment as determined by the Workers' Compensation law, the employee may elect to apply accrued sick leave, if any, in such amount that when added to Workers' Compensation benefits equals the employee's gross salary. Earned vacation time and compensatory time off may be utilized in a similar manner.

c. Notification of Illness by Employee

An employee on sick leave shall notify their supervisor no later than the beginning of the assigned workday. When on FMLA leave, the employee will be required to notify the City in compliance with the Family Medical Leave Act.

d. Return From Sick Leave

Upon returning from sick leave, a physician's certificate may be required if, in the opinion of the Department Head, it appears that an employee may be abusing sick leave privileges or to determine the validity of the employee's absence during the time for which sick leave was requested.

Any employee absent from duty on sick leave for three (3) consecutive work days due to illness or accident may, at the discretion of the Department Head, be required to submit to a physical examination by a physician designated by the City to determine fitness to return. The cost of this examination is borne by the City.

e. Sick Leave Payout Prior to Separation of Employment

At the employee's request, the City will compensate in cash or in time off for unused sick leave accrued above 288 hours. The compensation formula will be consistent with the payout levels established in the Personnel Rules and Regulations, based upon years of service.

f. Sick Leave Compensation Upon Termination of Employment

City employees who terminate employment within the City shall be compensated in cash for unused sick leave at final rate of pay based on the following:

<u>Employees Hired Before July 1, 1999</u>		<u>Employees Hired On or After July 1, 1999</u>	
Less than 2 years:	None	Less than 2 years:	None
2 to less than 15 years:	50%	More than 2 years:	50%
15 to less than 20 years:	75%		
20 or more years:	100%		

There shall be no maximum amount of unused sick leave eligible for cash compensation subject to the foregoing schedule.

g. Annual Sick Leave Incentive Program

Employees with greater than 288 hours of sick leave and who have used two days or fewer in the previous fiscal year shall have the right to cash-out up to two days of sick leave at 100% the following July 15th.

XVII. BEREAVEMENT LEAVE

An employee shall be granted a leave without loss of pay in case of death of a member of the employee's immediate family. Such leave is designated as bereavement leave. Up to five (5) days leave without loss

of pay shall be granted for the death of a member of the employee's immediate family. Immediate family as used in this section is defined as the employee's spouse, child, foster child, grandchild, stepparent, legal guardian, stepchild, parent, brother, sister, grandparent, grandparent-in-law, mother-in-law, father-in-law or:

- b. Any other relative of the employee by blood or by marriage where it can be established by the employee that as a result of such relative's death, the employee's presence is required to handle funeral arrangements and/or matters of estate.

In addition, bereavement leave may be granted on a case by case basis under other circumstances at the discretion of the City Manager or designee when it is in the best interest of the City to do so.

Time off beyond these parameters shall be charged to any type of available leave.

XVIII. SCHOOL ACTIVITY LEAVE

Pursuant to California Labor Code Sections 230.7 and 230.8, parents, guardians and grandparents having custody, of school-age children shall be allowed leave from their jobs, with or without pay, as may be necessary to participate in school activities such as parent-teacher conferences, disciplinary matters, school programs and related events with their children. Such leave is limited to 40 hours per school year, at a maximum of 8 hours per month. Employees must give reasonable advance notice to the employer to permit work coverage, and may be required to provide documentation from the school that the employee participated in the activity on the specific date and time. Leave properly requested in advance shall not be denied.

XIX. JURY DUTY LEAVE

Regular and probationary employees who are summoned to serve on jury duty or subpoenaed as a witness due to a work-related matter in any court in this State of the United States, or any administrative board of tribunals, shall be entitled to a leave of absence with pay while serving. Employees may keep fees and fees for mileage received while serving. Employees must return to work if not required to attend jury duty on a particular day.

An employee who is released from jury duty with four hours or more remaining in his or her normal work day shall report back to his/her supervisor. Reporting back means that the employee has contacted his/her supervisor via a phone call (not a voicemail message), text, or email, and received a response back from the supervisor. An employee may be required to show proof of attendance to serve on jury duty or as a subpoenaed witness.

XX. DONATION OF BLOOD LEAVE

The City shall grant each employee in the unit of representation reasonable time off for the purpose of making a donation of blood during City-sponsored blood drives. The granting of such leave shall be conditioned upon the following:

If the plan the employee selects costs less than the highest HMO for his/her category, the employee's premiums are fully paid by the City and the employee does not receive the difference between the highest HMO amount and the cost of the plan he/she selects. If the plan the employee selects costs more than the highest HMO for his/her category, the difference is paid by the employee through pre-tax payroll deduction.

The City's "total" contribution is calculated by adding the cost of the City's dental insurance and vision insurance premiums to the highest HMO medical premium by coverage category. Together this is the "Highest HMO Amount".

Effective January 1 2015, and each year thereafter, the Highest HMO Amount will be compared to the Highest HMO Amount for the previous year by coverage type (E, E+1 or E+Family). Due to rate changes, the new Highest HMO premium may be a different medical plan from a different health insurance carrier.

If the new Highest HMO Amount is larger than the previous year's total, the City's total contribution will increase by 75% of the increase. Effective January 1, 2020, the City's total contribution will decrease to 60% of the increase. If the new Highest HMO Amount is the same or less than the previous year's total, the City's total contribution will remain the same.

Opting out of Medical Insurance

The City shall allow employees who show proof of group medical insurance coverage provided by a spouse, to opt out of the City's medical insurance coverage. The City shall provide to employees who wish to opt out of medical insurance coverage and meet the above criteria, an "opting out" amount of \$325 per month. The opt-out amount will increase to \$350 per month, effective January 1; 2019, \$375 per month, effective January 1, 2020; and \$400 per month, effective January 1, 2021. Employees must remain enrolled in the City's dental and vision plans. These premiums will be paid for by the City.

Vision Insurance - Vision Service Plan

Dental Insurance - Aetna

Effective January 1, 2015, the maximum allowable benefits under the dental insurance policy limit will increase from \$1,000 to \$2,000.

COBRA

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requires that the group health plans provide employees and their dependents the opportunity to continue health care coverage under the plan in certain circumstances where coverage under the group health plan would otherwise terminate. While the City must make continued health coverage available, it can charge qualified beneficiaries up to 102% of the cost of coverage if continuation of benefits under the group plan is desired.

Health Benefits While on Disability Leave of Absence

Whenever an employee is absent from work due to a physical or psychological injury or illness, the City shall maintain the employee's coverage under the City's group health plan on the same conditions as coverage would have been provided if the employee has been employed during the leave period, for a period not to exceed twelve (12) continuous months.

XXVII. IRS CODE SECTION 125 PLAN

The City shall set up a Cafeteria Plan, under IRS Code Section 125, to pay for medical, dental and vision premiums. The City shall provide to active employees in the bargaining unit a basic employee contribution amount equal to the PEMCHA minimum contribution amount (adjusted annually) and a cafeteria amount which added together equals a contribution amount as specified above in the previous section (XXVI). Employees shall have the ability to elect which medical carrier to enroll with. Dental and vision insurance coverage shall also be a part of the cafeteria plan.

The City will provide classified employees the opportunity to participate on a voluntary basis in a Dependent Care Assistance Program (Section 129) under Internal Revenue Code Section 125, which allows employees to redirect part of their salary, before it is taxed, to be used for child, elderly and dependent care and eligible medical expenses.

XXVIII. RETIREE HEALTH SAVINGS ACCOUNT

The City provides employees with a retiree health savings plan established through ICMA-RC.

XXIX. LIFE INSURANCE

The value of life insurance coverage for each classified employee is the equivalent to the annual salary, plus \$20,000.

The City will offer this benefit at the sole expense of the employee.

XXXI. COLLEGE SAVINGS PROGRAM (529 PLAN)

The City will offer this benefit at the sole expense of the employee.

XXXII. RETIRING EMPLOYEE RECOGNITION PROGRAM

The Retiring Employee Recognition Program provides for a salary incentive for long term City service. The guidelines and definitions for this program are detailed in Administrative Policy No. 223, Retiring Employees Recognition Program (Incentive for Long-Term City Service). Employees hired on or after July 1, 2009, are not eligible to participate in this program.

XXXIII. RETIREMENT PLAN

All full-time employees become a member of the Orange County Retirement System (OCRS). The City shall pay 3.6% of the employee's share of the retirement contribution for the first two years of employment. After two years of employment, the City shall pick up 100% of the employee's share of the retirement contribution

Enhanced Retirement Benefit - The City has contracted with OCERS to provide an enhanced retirement program with the Orange County Employees Retirement System (OCERS) for the 2.7% at 55 based on an average three highest years salary benefit, effective January 1, 2004. This benefit will be applicable to all years of service. The Classified group has agreed to an additional payroll deduction in order to offset the increased cost of the employer share and employee share of the enhanced benefit. This additional deduction will be as follows:

Less than two years of service	4.47%
After two years of service	6.26%

Effective July 1, 2012, each employee shall pay 50% of the employee contribution that was being paid on behalf of the employee by the City prior to July 1, 2012. Effective July 1, 2013, each employee shall pay the full employee contribution to retirement and the City will no longer pay any portion of the employee's contribution to retirement. The intent of these changes is to have employee's paying the employee contribution to retirement and the City paying the employer contribution to retirement. The changes are being phased in two years with the first change taking effect July 1, 2012, and the second change taking effect July 1, 2013.

Effective January 1, 2012, any new employees hired on or after January 1, 2012, shall pay the full employee contribution to retirement with no payment of the employee's contribution by the City.

Effective on or about July 1, 2012, the City shall implement a second tier retirement formula (2%@57). This second tier retirement formula shall apply to all employees hired on or after the date the second tier formula becomes effective.

In accordance with the 2012 Pension Reform Act, effective January 1, 2013, the City shall implement a third retirement formula which shall apply to new employees who become new members, as defined by the Pension Reform Act, of the Orange County Employees Retirement System, on or after January 1, 2013.

Effective January 1, 2015, employees that are new to public service may choose between two retirement plan options:

1. The Orange County Employees Retirement System's 2.5% @ 67 defined benefit retirement formula.

Or

2. Hybrid Plan: The Orange County Employees Retirement System's 1.62% @ 65 defined benefit formula combined with a 401(a) defined contribution retirement plan. Employees who choose the Hybrid Plan may make voluntary and irrevocable contributions, including leave payouts, to the 401(a) defined contribution retirement plan. The City will match an employee's contribution to the 401(a) defined contribution plan up to one (1%) of the employee's base salary.

Eligible employees have thirty (30) days from the date of hire to elect the 2.5% @ 67-defined benefit retirement formula or the 1.62% @ 65 Hybrid Plan. In the event an eligible employee does not make an election during the thirty (30) day period, it will be deemed that the employee elected the 2.5% @ 67 defined benefit retirement formula.

XXXIV. SHORT/LONG-TERM DISABILITY INSURANCE

Employees given an acting assignment for 14 calendar days or more shall receive acting status pay equivalent to the minimum salary rate for that position such that the minimum adjustment would be at least 5% above the employee's current salary with the approval of the Department Head and the Human Resources Manager. Acting status shall be retroactive to the first day and subject to no additional benefits.

An Acting Appointment shall generally be less than 12 months of duration and generally only last for the duration of the recruitment process. Extension beyond 12 months shall be subject to the approval of the City Manager or designee.

XXXVI. RECLASSIFICATION OF POSITION

Whenever a position is reclassified which is currently occupied by an incumbent who is satisfactorily performing the duties of the proposed position, the City shall place that incumbent in the reclassified position, without the need to undertake a recruitment. Such reclassifications shall not result in demotion.

A reclassification may occur when the essential duties of a position change due to new technology, new regulations or laws, reorganization within the City, or other compelling reasons that increase to a higher level the duties performed by the position.

The City shall notify the Association whenever a reclassification is to occur to allow the Association to request to meet and confer over the impact and salary of the position.

Reclassification of an employee in a reclassified position may occur, at the City's discretion, if s/he has been satisfactorily performing the duties of the position for at least six months, as evaluated by the Department Head.

Out-of-Class grievances that result in position reclassifications shall also result in the reclassification of the employee, provided s/he has been satisfactorily performing the duties of the position for at least 6 months, as evaluated by the Department Head.

XXXVII. PROMOTIONS, TRANSFERS AND VOLUNTARY DEMOTIONS

a. Promotions

Promotion refers to the movement of an employee from a lower level position in one class to another class imposing higher duties and responsibilities, requiring higher qualifications and providing a higher maximum rate of pay.

Insofar as practical and consistent with the best interest of the City, as determined by the Personnel Officer or designee, vacancies shall be filled by promotion from within whenever qualified employees exist. Promotion-only classes will be established by the Personnel Officer or designee in consideration of input from the Department Heads.

i. Requirements for Promotional Candidates

Only regular employees who meet the requirements set forth in the Personnel Rules and Classification Plan and who received a satisfactory overall rating at the time of their last performance evaluation may compete in promotional opportunities. Any employee who wishes to apply for promotional opportunity must also have completed at least six (6) months in their present position.

ii. Rejection Following Promotion

An employee rejected during or at the conclusion of the probationary period following promotional appointment shall be reinstated to the position from which he/she was promoted, or comparable position or class from which he/she was promoted and shall receive credit for time served in the promotional position unless charges are filed and the employee is discharged in the manner provided for in the Personnel Rules and Regulations.

b. Transfers

A transfer occurs when an employee changes positions which are in the same classification having the same maximum salary and requiring substantially the same qualifications. This may or may not involve a change of an employee's place of employment from one department to another.

i. Conditions for Transfer

An employee, who does not possess the minimum qualifications for an open position, shall not be transferred to that position. A qualified employee may be transferred, provided the transfer has been approved by the employee's supervisor, the new supervisor and the Personnel Officer or designee.

ii. Employee Requested Transfers

New employees who have completed their probationary period in their current positions may apply for a transfer. All other employees, who have worked a minimum of six (6) months in their current position, may apply for a transfer. A request may be submitted only when a vacancy exists. The employee's request for transfer will be considered on the basis of the employee's qualifications for the vacant position, the employee's best interests, and the best interests of the City. Requests for transfers must be received according to deadlines established by the Personnel Officer or designee.

iii. Employer Initiated Transfers

The City of San Juan Capistrano reserves the right to transfer its employees from one position to another or one department to another, if the transfer is necessary for the purpose of economy or efficiency.

iv. Job Transfer Opportunities

The City will consider lateral transfers and promotional opportunities to vacant positions within the same or similar job class for at least two weeks before they are opened competitively to non-employees. The employee requesting the transfer must have had a "satisfactory" rating on their last evaluation and meet the minimum qualifications for the position.

Employees eligible for transfer or promotional opportunities based on the minimum qualifications of the position shall be given the opportunity to interview. The City would have no obligation to hire any of the applicants for transfer or promotion.

c. Voluntary Demotion

A regular employee may request a voluntary demotion to a vacant position in a class with a lower maximum salary rate provided the employee possesses the minimum qualifications of that class. Such

requests must be filed with the Personnel Officer or designee and require approval of the current Department Head and that of the Department Head of the vacant position.

XXXVIII. PROMOTIONAL EXAMINATIONS

Promotional examinations may be conducted whenever, in the opinion of the Personnel Officer or designee and after consultation with the Department Head, the need of the service so requires. Promotional examinations may include any of the selection techniques or any combination thereof mentioned above. Only current employees who meet the requirements of the position and the provisions of the Personnel Rules may compete in promotional examinations.

XXXIX. REGULAR APPOINTMENT FOLLOWING PROBATIONARY PERIOD

Original appointments to positions within the classified service shall be subject to a probationary period of no less than six months and no more than twelve months. At the conclusion of the probationary period, the employee will be notified of regular status, provided the appointing authority approves the action.

Initial probationary appointments may be extended at the sole discretion of the Department Head for up to six months. Under such circumstances, the Department Head will notify the affected employee in writing of the extension of the initial probationary period.

Achievement of regular employee status shall be based upon successful completion of a probation period, as determined by the Department Head and approved by the Personnel Officer or designee.

Promotional appointments shall be subject to a probationary period of six months.

XL. TERMINATION - RESIGNATION

An employee wishing to leave the City in good standing shall file with the immediate supervisor at least two (2) weeks before leaving the City a written resignation stating the effective date and reason(s) for leaving.

The resignation shall be forwarded by the Department Head to the Personnel Office and City Manager.

XLI. LAYOFFS AND RE-EMPLOYMENT

a. Conditions for Layoff

The City Manager, with the concurrence of the City Council, may abolish any position, because of material change in duties and organization, or shortage of work or funds. The employee holding such position or employment may be laid off without disciplinary action and without the right of appeal. No regular employee shall be laid off until all temporary and probationary employees holding positions in the same classification in the department are first laid off. Only those

employees in the department assigned to the classification in which the position is to be abolished shall be involved in this layoff procedure.

b. Notice of Layoff

Employees to be laid off shall be given at least fourteen (14) calendar days' notice.

c. Order of Layoff

1. Within the classification, employees will be ranked by seniority with the most senior employee given the highest ranking and the next most senior employee given the next highest ranking and so forth. For the purpose of this section, seniority shall be determined as total number of years of full-time employment with the City of San Juan Capistrano. This category is given a weight of 30%.
2. Within the classification, employees will also be ranked by performance, based upon performance evaluations, official records, and/or qualified testing procedures where applicable. The employee within the classification with the highest performance rating shall be given the highest ranking and the next most competent employee shall be given the next highest ranking, and so forth. This category is given a weight of 40%.

- a. To establish the performance ranking, each employee performance evaluation must be rated. A rating of 1 to 5 on the overall evaluation rating is assigned accordingly:

Excellent	=	5
Above Standard	=	4
Meets Standards	=	3
Needs Improvement	=	2
Unsatisfactory	=	1

3. Within the classification, employees will also be ranked by skill set, based upon education, licenses, and certificates obtained, which increase an employee's overall value to the organization. The employee with the greatest skill set within the classification shall be given the highest ranking and the employee with the next highest skill set level shall be given the next highest ranking, and so forth. This category will be given a weight of 30%.

- a. To establish the ranking for skill set, the following point system shall be applied:

i. Education

1. PhD. = 4 points
2. Master's Degree = 3 points
3. Bachelor's Degree = 2 points
4. Associate of Arts Degree = 1 point

A degree must be directly related to the position in order for it to be awarded a point value.

ii. Licenses

Each professional license = 1 point

iii. Certificates

Each certificate = .5 point

Certificates issued upon completion of a test conducted by a sanctioning body such as a governmental, professional, or academic organization, are considered valid certificates. Training certificates that indicate that an employee participated in a training course or seminar are not awarded any point value; however, they would be incorporated into the performance evaluation.

d. Layoff Procedure

The Department Head will total the point values of the three categories (seniority, performance, and skill set) for each employee within the classification to determine the order of layoff. Employees will be laid off in order of the numerical ranking, that is, an employee with a lower ranking would be laid off before an employee with higher ranking.

e. Re-employment List

The names of persons laid off in accordance with these rules shall be entered on a re-employment list for one year, except that persons appointed to regular positions shall, upon such appointment, be dropped from the list.

When a vacancy occurs in the subject class, the appointing authority shall consider the former employees from the re-employment list. It is the responsibility of the employee on a re-employment list to keep the City informed of his/her current address and telephone number, and availability for work.

f. Disability Separation

In the event an employee cannot perform the essential functions of his or her position due to an injury or illness, the City may provide up to twelve (12) continuous months of leave or modified duty. The City will continue to make the full contribution for health, dental, & vision premiums during any or all of the 12 continuous months that the employee is on unpaid leave in accordance with the above. If, after twelve (12) continuous months, the employee is unable to return to his/her regular duties the following will apply.

To the extent permitted under Federal and State law, an employee unable to perform the essential functions of his/her position, with or without reasonable accommodation, as a result of a physical or psychological illness or injury shall:

1. be separated from employment. Employees who are separated pursuant to this section shall be accorded procedural due process (i.e., notice and an opportunity to respond to the separation) in accordance with the appeal procedures for disciplinary actions outlined in these rules,

Or

2. be offered the opportunity to resign from his/her position with the City of San Juan Capistrano and placed on a re-employment list for a period not to exceed one (1) year. Any employee returning to work shall provide the Personnel Officer verification from a medical practitioner that he/she can perform the essential functions of his/her position, with or without accommodation.

If during the period in which the employee is on the re-employment list, the employee is physically and/or psychologically able to resume the duties of his/her previous position and there is a vacant position in his/her classification, the employee will be entitled to return to that position.

Separation from employment under this section does not preclude the City or employee from applying for a disability retirement.

XLII. GRIEVANCE PROCEDURE

a. Matters Subject to Grievance Procedures

A grievance shall be initiated through an informal first step when the employee notifies the supervisor verbally of his/her contention that the City has violated or misapplied a specific obligation expressed and/or written in the Personnel Rules and Regulations of the City. (10) working days after said meeting. The City Manager's decision shall conclude the administrative appeals procedure.

If an employee elects to use an impartial arbitrator, the arbitrator shall be selected jointly by the employee and his/her designated representative, if any, and the City. The cost of the arbitrator, if any, shall be born equally by the employee and the City.

h. Extension of Time

Any or all of the time limitations mentioned above with reference to filing and response times may be extended by mutual agreement between the employee and the City.

XLIII. FAIR EMPLOYMENT PRACTICE

The City of San Juan Capistrano assures any technique or procedure used in recruitment and selection of employees shall be designed to measure only the job-related qualifications of applicants. No recruitment or selection technique shall be used which, in the opinion of the Personnel Officer or designee, is not
